About Me

I am a Mobile Developer with 1+ years of experience developing, testing and monitoring enterprise software applications. Has designed and developed more than 4 applications to increase work efficiency in several companies. I have high passion about learning something new and have a lot of knowledge in the IT field. As an employee, i always focus on my work seriously. My main target is to become good at everything i want to do or learn so that I can create the best opportunities for myself. As an individual, I believe in being disciplined in the things i take on
